DESIGNED FOR IPAD

Create Personalized Bedtime Stories

Turn nightly routines into unforgettable moments with TaleTogether's AI story generator — fast, creative, and always ready.

Describe Your Idea

Type a prompt like "a shy dragon and a brave astronaut" and instantly generate a complete, personalized story.

Upload Family Photos

AI transforms your real family photos into unique, personalized adventures your kids will recognize and love.

Perfect for Bedtime

Ideal for bedtime, quiet time, and shared family moments — crafted for togetherness.

Premium Voice Narration & Voice Cloning

Bring your stories to life with natural, immersive narration. Choose from professional AI voices in multiple languages, or **clone your own voice in just 1-2 minutes** — perfect for creating stories in a familiar, trusted voice, even when you're away. Crystal-clear audio is tuned for bedtime and relaxation, so listeners of all ages can drift off to sleep comfortably.
